194C	399.68
194J	0.00

Total Amount (in words): **Three Hundred and Ninty Nine Rupees and Sixty Eight Paise Only**

Notes:

- TDS norms have changed according to the tax circular dated 28 December 2023. Please refer to the email communication dated 04 January 2024 rolled out by Flipkart with the subject "NO Need to Deposit TDS on Flipkart Commission Invoice*? Read more!" for more details.
- Negative TDS amount for a section means you need not pay any TDS for that section to government for this month. You should adjust that amount with next month invoices and pay lesser TDS accordingly.
- TDS amounts corresponding to a Credit Note are considered as negative because credit notes are reversals of revenue from Flipkart point of view.
- The NIL WTH/ LDC rates are applicable only up to the annual exception limit amount. Standard TDS rates apply beyond that.
